Hey, all! Wondering if its possible to rebuild or recondition Saab ignition cassettes. Seeing as Saab, at least for the moment, is dead, it c business for someone to start. I wouldn't, obviously, because I'm not particularly handy. My fear would be that since Saab won't be ma them, it could be very difficult to come across them after a few years.

Rebuilding Ignition Cassettes - SaabWorld

The Saab 900 is the company's most recognisable line of cars. Produced between 1978 and 1998, the Saab 900 was sold in many vari course of its lifespan. The cars can be grouped broadly into two generations, simply called classic and new. Each generation differs in b number ...

I highly recommend this shop. I found a used 2004 9-5 Linear from Ken and after a phone conversation we drove all the way from MN to trade it with this 9-5. All he said on the phone was true and we bought the car and drove back to MN. It's been more than 20000 miles and runs great. Thank you Ken and Old Town Import.

The Saab 900 was introduced in May 1978 as the company's front-engined, front-wheel-drive compact sedan with an L 4-cylinder engine, wishbone front suspension and beam-axle rear suspension. One unique feature about the Saab 900 is that the engine is installed "backwards" with power brought to the front of the car from the crank.
