Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Box Office Poison follows a few years in the lives of a group of loosely connected New Yorkers. Lots of relationship and professional angst. It feels so very real; lies do not usually get uncovered to dramatic effect, fights and misunderstandings do not always get resolved, the hero does not always get the girl.
