But a craft beef revolution is underway on farms, in butcher shops, and at restaurants across the country, and it's delivering better steak. Craft beef is: -- Independently produced in small herd sizes;-- Humanely raised by ranchers who deal in "zero-stress"; and-- Focused on unique flavors we forgot could even exist in steak.

Craft Beef: A Revolution of Small Farms and Big Flavors ...
The "craft beer revolution" does not make much sense if it is simply called the "beer revolution." We think drinker education is the answer and it is happening. It is becoming more and more common to find average beer drinkers - the non-geek kind, we mean - to know a handful of beer styles and to have at least some experience with them.

A Working Definition of Craft Beer - The Spruce Eats
