Hell yes! Feynman again! The great teacher and all around fun guy. In previous part I listed Feynman Lectures on Computation, one of Feynman's least known books. This is even less known of Feynman's books but also one of the best. This volume follows-up on Feynman Lectures on Computation. It's now nearly

It is for the Feynman Lectures on Computation! And that is an excellent book which is very useful (although probably insufficient) for anyone taking (or teaching) a class on the theory of computation. This book is quite different. It's a collection of intriguing articles, as well as some reminiscences about Richard
