*Redwall Abbey is an absolutely vivid creation, the equal, in my opinion, of J K Rowling's Hogwarts. A magical place of peace and plenty that houses many mysteries and adventures. *A word on Brian Jacques – A thought or two about Redwall. I'm briefly breaking my set schedule of writing once a week this month to address something very important to me: the recent passing of my favorite author, Brian Jacques (pronounced Jakes). Several years ago (I think it was 1999), I went to a book signing in Bailey's Crossroads.*

*Once again, I'm shamelessly stealing drawing inspiration from Little Mephling for some RPG outlet. We've been starting on the Redwall series by Brian Jacques, one of my favorite set of books from when I was little. It's an enchanting story, an action-packed adventure, and a richly-built world with lots of different cultures and histories.*

*The core mechanics of Root RPG use the Powered by the Apocalypse system, which has been used in countless story-driven games over the past few years. ### *Preview: Root - The Tabletop RPG | Drop Lowest*

*This Homebrew option perfectly personifies the unexpected mouse warrior from Redwall and The Chronicles of Narnia and adapts it to the world of D&D. When I got the opportunity to play again after several months as a DM, I created a Mousefolk fighter as my character because I loved the concept so much, and the race makes a regular appearance in many of my campaigns and one-shots.*
