It's easy to search Wikibooks by topic, and there are separate sections for recipes and children's textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and it's not designed for readers who want printouts. The easiest way to read Wikibooks is simply to open it in your web browser.

Monthly all you can eat subscription services are now mainstream for music, movies, and TV. It could be as popular for e-books as Research Methods In Human Rights. Research Methods in Human Rights. Methodological discussion has largely been neglected in human rights research, with legal scholars in particular tending to address research methods and methodological reflection implicitly rather than explicitly. This book advances thinking on human rights methodology,...

All our researchers come to Human Rights Watch with a powerful commitment to human rights, existing expertise in their countries or issues of focus, and from backgrounds as diverse as law, journalism, local- or national-level civil society activism, and academic research.

About Our Research | Human Rights Watch

'Research Methods in Human Rights presents a fascinating overview of the various disciplinary approaches towards human rights. It has helped me to reassess and scrutinise my own predisposition towards legal research and will certainly be a useful companion for new and established researchers from all disciplines relevant to the field.'

Research Methods in Human Rights: A Handbook by Bård A ...

Effective human rights education, if it is to build a "universal culture of human rights," as envisioned in the General Assembly's proclamation of the Decade for Human Rights Education, must be a participatory learning process that includes cultural mediation so that human rights are given meaning and made effective within each local context.
