The first edition of The Animation Book, published in 1979, became the authoritative guide to making animated movies. Now, as we enter the twenty-first century, the explosion in computer technology has created a corresponding boom in animation. Using desktop hardware and software, animators can easily produce high-quality, high-artistry animation and mix the aesthetics of traditional cel ...

The Animation Book: A Complete Guide to Animated ...

The Complete Kodak Animation Book is a rather dated history and how-to book of film animation. The 1983 technology is of course hopelessly out of date, although it gives a good grounding in the history and standard practices of animation up to then. The book has a late Cold War aesthetic that it clearly thinks encompasses everything.
