### The Hay System Of Job

The Hay Guide Chart itself comprises a point system, so that after job evaluation in terms of factors, dimensions and gradation, job scores can simply be read from the chart. The point system uses geometric progression and is not linear. This preserves the integrity of the system at all ends of the grading spectrum.

### Hay Guide Chart - Wikipedia

The Hay System is a job performance evaluation method that is widely used in North America and Europe. Training in the use of the system takes several days, followed by several months of organizational experience to become proficient in its evaluation style. All jobs are evaluated not only by the interpretation of the factor descriptions but within the context of all other
