One of the distinctions that Anton makes in The Manual is the difference between males and men. 'Men' refers to masculine males who are attractive to women, in the same way that he uses 'women' to denote feminine females who are attractive to men. Which according to Anton, is only about 10% of females.

The Manual - What Women Want and How to Give It to Them PDF

A lot of guys think they know what a woman wants in a man. They assume women want money, muscles, and status when it comes to the kind of guy they choose when, really, those things don't matter as much you might think. Women are a lot more complicated and, thankfully, not as superficial as just wanting material things.
