The Mighty Mars Rovers: The Incredible Adventures of ...

A Mars rover is a motor vehicle that travels across the surface of the planet Mars upon arrival. Rovers have several advantages over stationary landers: they examine more territory, they can be directed to interesting features, they can place themselves in sunny positions to weather winter months, and they can advance the knowledge of how to perform very remote robotic vehicle control.

Mars rover - Wikipedia

The Mighty Mars Rovers: The Incredible Adventures of Spirit and Opportunity Elizabeth Rusch When Steve Squyres was thirteen years old, watching the first person walk on the moon, he never thought that he would one day be part of a record-breaking space mission himself.
